Hi Randy –

In previous conversations on the infrastructure workgroup and the group's priority action of putting together a clearinghouse of tools and resources for advancing materials management infrastructure, you have mentioned that KAB may be interested in playing a leadership role in creating the clearinghouse. Would you be available for a quick call before next week's infrastructure WG meeting (Fri., 6/21, 3-4:30 PM) to discuss the role you foresee KAB playing in this, what work you've already done in this area, etc.? We're trying to pin down which organizations will be leading the various workgroups' priority action efforts before the next round of calls. Suzie and I look to have fairly open schedules on Monday and Tuesday if you're available.

Thanks!  
-Brandon
